

ARTISAN DEW DROP CABBAGE

ITS BACK!

Tanimura & Antle's Artisan® Dew Drop Cabbage is a result of variety trialled seeds that were hand-selected by our dedicated farmers who sought out the ideal shape, flavor, color and texture. Artisan Dew Drop Cabbage is *field-packed for freshness®* and available year-round.

- Artisan Dew Drop Cabbage has a sweeter, mild, taste and softer texture than traditional cabbage.
- The Dew Drop's leaves are more open than the standard green cabbage, yielding the ideal wrap.
- Its unique petite size is more manageable, easier to store, offers 100% usable leaves and less waste.
